WHAT TO FILM.

16 videos. Two sessions. Every hook is written for you. Film it, upload it raw, we handle the rest.

POSTS OUT OF IT

HOW THIS WORKS

- 1 Film the list.** Each video has its own page. The first line is written word for word. Everything after it is bullet points. Talk through them like you would on a call.
- 2 Upload everything raw.** Every take, mistakes included. Don't trim, caption, or filter anything.
- 3 We edit and send it back.** You approve within 24 hours, then it goes live.

FOUR RULES ON SET

- **Say the video number first.** "Video 9, take 2." Then a 1-second pause, then the hook.
- **Hook three times.** Three different deliveries of the first line, then go straight into the rest.
- **Start talking the moment you hit record.** Pauses and stumbles get cut, so keep going.
- **Under 60 seconds per video.** If you go long, we cut it down. Don't restart.

stuck on a video? Skip it. Film the next one.

SET UP ONCE · 10 MINUTES

SETUP

FRAME

Phone **vertical**, chest up. **Leave the top third empty.** That's where the email or graph goes.

LIGHT

Face the window. Add your light only if it's dark.

MIC

DJI Mic 3 clipped on, receiver plugged into the phone.

CAMERA: USE THE IPHONE 17 PRO

- Back camera, **4K 30fps**. A team member hits record, or use a tripod and the iPhone's mirroring/remote.
- Tap your face, then drag the sun down a little. Lock it.
- Office or the Canary Wharf flat. Keep the same spot for the whole session.

The ZV-E10 is fine too, but the iPhone is faster and already vertical.

WHAT IT'LL LOOK LIKE

THE LOOK

Plain and direct. Just you talking to camera, with the proof on screen above your head.

Top: the real screenshot. Revenue, the email, the flow. Brand names blurred.

Middle: a short title in a black box.

Bottom: you, plus small captions.

We handle all of this in the edit. Your job: talk, and send us the screenshots each page asks for.

BLACK FRIDAY: 7 EMAILS, 3 TEXTS

SAY THIS FIRST, WORD FOR WORD

**"SEVEN EMAILS AND THREE TEXTS MADE A
PET BRAND \$119,000 ON BLACK FRIDAY."**

THEN TALK THROUGH

- That was 37% of the store's revenue that day.
- Walk through the 10 messages in order: what each one was and when it went out.
- The one that did the most work, and why.
- What most brands do on Black Friday instead.

SEND US

Screenshot of the campaign list and the revenue for that day. Brand name hidden.

END WITH

STOP SENDING FEWER EMAILS

SAY THIS FIRST, WORD FOR WORD

"NEVER LET YOUR AGENCY TALK YOU INTO SENDING FEWER EMAILS."

THEN TALK THROUGH

- Only about 5% of your list is ready to buy right now.
- The other 95% need to remember you when they are.
- Unsubscribes don't pay the bills. Being forgotten kills brands.
- What to send more of: education, stories, launches. Not just discounts.

SEND US

Nothing. Talking head only.

END WITH

Comment "AUDIT" and we'll look at your account for free.

- What goes out on the day, then Cyber Monday.
- What happens after: the people who bought once.

SEND US

Your real BFCM calendar or timeline, if you have one we can show.

BAD, BETTER, BEST: SUBJECT LINES

HOW TO FILM IT

- 1 Sit low in the frame with lots of space above your head.
- 2 Look up. Point up-left: "Bad." Up-middle: "Better." Up-right: "Best."
- 3 Do it 3 times in a row. Then look at camera: "Follow for more."
- 4 Film the whole thing 3 times. We'll put a different set of subject lines over each one.

SEND US

Optional: send us 9 subject lines, 3 bad, 3 better, 3 best. Otherwise we'll draft them for your approval.

MYTH OR TRUTH

Your team member reads each line off camera. You answer "Myth" or "Truth," then one sentence why. Answer honestly. If you disagree with our answer, say so. That's better.

TEAM MEMBER READS

1	Sending more emails burns your list.	MYTH
2	Email should be 25–30% of a Shopify store's revenue.	TRUTH
3	Discount emails always make the most money.	MYTH
4	Most of your list is ready to buy right now.	MYTH
5	Unsubscribes are a bad sign.	MYTH
6	A template is fine for your emails.	MYTH

Right column is our answer. You can disagree.

SEND IT OR DELETE IT

Your team member reads an email idea. You answer "Send it" or "Delete it," then one sentence why.

TEAM MEMBER READS

- 1 "LAST CHANCE!!!" as the subject line every day of Black Friday.
- 2 An email that only teaches. No discount at all.
- 3 Resending the same email with a new subject line to people who didn't open.
- 4 No emails between Cyber Monday and Christmas.
- 5 A plain-text email from the founder.
- 6 A 40% off email to someone who bought full price yesterday.
- 7 A text message at 11pm.

THEN TALK THROUGH

- It should be 25 to 30%.
- Where to check your number, in under a minute.

SAY THIS FIRST, WORD FOR WORD
